

02009 LED Hanging lamp

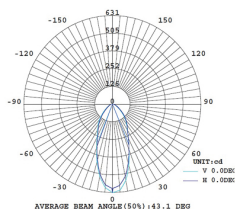

Suspension
25,8 W
3080 Lumen
CRI90

Description: In the Pois collection, simple shapes and technological innovation combine for a winning result: one single sheet of flat glass, with hot-pressed indentations, and a simple quick magnetic quickening system, with no visible screws. In 2019 POIS received the VSL Award (Venetian Smart Lighting Award) for the following reasons: the light combines glass working tradition with the wholly appropriate functionality of pure stylized lines. Lightness and equilibrium expressed in a precious material, with effects of great magnetism and harmony.

Plus: Built-in Led suspension. The diffuser consist of a single sheet of flat glass, with hot-pressed indentations. The glass is shiny, the decoration is applied on the back. The canopy is independent of the steel cables, so that you can place the lamp away from the power supply. Adjustable steel cables. The lamp is phase-cut dimmable
