Description: Quid, a collection of lights with square clean-cut lines, is a tribute to the rigorous style created by the essential forms typical of modern design. Compact volumes for functional lighting, with direct and indirect light. The two aluminium parts are separated by a Plexiglas (PMMA) element that lights up around the perimeter, adding to the soft delicate effect of the design. The gold leaf finish is hand-done on all the metal parts, giving Quid the uniqueness and refined elegance typical of a handmade product.
