

Wall lamp
16,5 W
2300 Lumen
CRI90

Description: Essential shape, rounded corners, noble materials used simply and elegantly. The structure can be moved by a simple touch of the hand, creating different lighting effects and atmospheres, and adding a dynamic flavour. The different colour combinations give Like Q great scope for adapting to different furnishing styles. The glass reflector creates a soft suffused ambience. The recyclable aluminium and the integrated LED with green design system make Like Q an environment-friendly product.

Plus: The different color combinations give Like Q a great ability to adapt to different furnishing styles. The structure is made of aluminum. The glass, which refers to the tradition of the territory, is used as a reflective surface because it diffuses the light in a homogeneous and soft way. The gold leaf finish on the glass is done by hand, giving Like Q the uniqueness and refinement of the "handmade".
