

Wall lamp
 4 up-7,5 down W
 550 up-900 down
 Lumen
 CRI95

Description: Wall light with direct and indirect light, it can be installed with the main light facing downwards or upwards according to lighting and stylistic requirements. The integrated high-efficiency LEDs and recyclable aluminum make it a low environmental impact lamp. To enhance the natural colour of the light, the inner part of the lamp is always white.

Plus: Wall light with direct and indirect light, it can be installed with the main light facing downwards or upwards according to lighting and stylistic requirements. The integrated high-efficiency LEDs and recyclable aluminum make it a low environmental impact lamp. To enhance the natural colour of the light, the inner part of the lamp is always white. The outer finish can be customized.
