

Wall lamp  
12 W  
1700 Lumen  
CRI90

**Description:** Music often helps thoughts to roam free, so as to transform an object talking by chords, the plectrum, into a lamp collection. A rounded and well-balanced shape fitting harmoniously into the surrounding environment. The light reflects on the wall, lighting the room homogeneously and an embracing way. A minimal line enhancing ceilings and the depth of the spaces through its diffuse light.

**Plus:** The light reflects on the wall, lighting the room homogeneously and an embracing way. A minimal line enhancing walls and the depth of the spaces through its diffuse light. The built-in LED has been designed by the LED Change system. The integrated LEDs are CRI90, available at 2700K, 3000K or 4000K. The driver housed in the base is phase cut dimmable
