

Ceiling / Wall lamp  
12 W  
1700 Lumen  
CRI90

**Description:** The main subject is the circle, either flat or with volume that becomes a flattened sphere. A play of contrasts springing from the perspective and the colour. The side view highlights the contrasting volumes between metal and glass, the frontal view highlights the finishes instead. Bianca is available as wall lamp or ceiling one, single or a group. The several finishes, chosen carefully among the most contemporary palettes. The milk-white blown glass from our territory is the material chosen as Bianca's light diffuser.

**Plus:** With its modular elements that allow customized solutions, Iconic reflects your style. The recyclable aluminium structure and integrated LED make this a sustainable lighting product. Attention to detail in the 100% hand-brushed aluminium and brass, an artisan touch that makes each product unique.
